**Kenya Advanced Institute of
Science and Technology**

Preamble:

Kenya Advanced Institute of Science and Technology (Kenya-AIST) is a flagship project under Kenya Vision 2030. On July 8th, 2022, it was established as a legal entity through publication in Kenya Gazette Supplement No. 117, Legislative Supplement No. 55, under Legal Notice No. 130. Modelled after the Korea Advanced Institute of Science and Technology (KAIST), Kenya-AIST was conceptualized, designed and constructed as a specialized post graduate only institution of strategic national importance; a plan that was affirmed by the Cabinet on 11th March, 2025. Kenya-AIST is the first advanced institute of science, engineering, and technology for post-graduate only level education in Kenya; and its focus is in making a significant contribution to Kenya's transformation into a prosperous, innovative and industrialized country; with its graduates leading Kenya's economic and technological transformation.

Vision

To be a lead in pioneer research, and education in science and technology, and to nurture highly qualified scientists and engineers.

Mission

To nurture highly qualified scientists and engineers by equipping them with theoretical and practical knowledge; conduct socially relevant research and development to improve national competitiveness and speed up industrialization; create social and economic values to improve Kenyans' quality of life.

Motto

Technology for National Transformation

Teknologia kwa Mabadiliko ya Kitaifa

Want to join our team 

- ◆ Are you interested in offering your services as a professor at Kenya-AIST in any of the following areas? Let us have a conversation.
- ◆ Are you interested in funding research in any of the following areas? Come partner with us.
